

Peterbilt Premium Dual Drive

The Premium Dual Drive Delivers Increased Driver Comfort

Premium Dual Drive Benefits

- ▶ Similar ergonomics on both sides make it easier to switch driving positions
- ▶ Improved ergonomics for drivers
- ▶ The Medium Duty Conventional models come from the factory as a left-hand steering truck. We add the right-side steering
- ▶ Models: 535, 536, 537, & 548
- ▶ Expanded foot and legroom

“Our Engineers have worked hard to make the right-side driving position virtually identical to the ergonomics of the OEM left-side position. This helps drivers be as comfortable and productive as possible throughout their shifts.”

– Jamil Young, President, Fontaine Modification

The Fontaine Advantage

The Fontaine Modification business model means that all our changes are fully documented and closely follow the OEM's function and styling.

Our Innovation Model allows us to understand industry and customer needs, engineer and design a solution, and implement quality-driven production processes to efficiently modify and deliver trucks that meet your application needs.
